EXECUTIVE SUMMARY

Over a year of intensive work in the tech field while working in parallel in another field, with a history of 10 years in which I had contact with the technological field. I learned essential languages and many other tools. I aspiring front-end development with React.

I'm looking to learn as much as possible from courses and practical projects to learn programming, to improve my English and German languages and in the future I want to do a technological profile faculty.

Passionate and determined, eager to learn new things every day. In the process of learning front end development with discipline and hunger for knowledge.

WORK EXPERIENCE

Personal Projects:

YourSpecialist - one platform that helps patients to access information about the medical staff in their area. Technology – HTML, CSS, SCSS, ReactJS.

BMI-Calculator-Project – a site with which you can check your BMI. Technology: JS.

Rock-Paper-Scissors-Game – Technology: JS.

ACADEMIC BACKGROUND

FRONT-END WEB DEVELOPMENT

01/2022 – 05/2022

Informal School of IT - Cluj-Napoca

I learned from the front end development course advanced notions of HTML, CSS, JavaScript and about frameworks like React and Tailwind. As well as about Git, Github, SPA and Responsive Websites.

During the course I invested a lot of time with interest and conscientiousness.

I did all the required and optional homework and projects and this thing had an important impact on the development skills of front-end side.

CERTIFIED IN COMPUTER SCIENCE

2017

"Lucian Blaga" High School – Cluj-Napoca

High School - Section of Mathematics-Informatics Intensive Informatics 2013-2017

"Lucian Blaga" High School – Cluj-Napoca

Experienced with C++, C and about algorithms and problem-solving skills. Certificate of digital skills and professional skills in computer science.

COURSES

JavaScript Algorithms and Data Structures - Edabit

Responsive Web Design Certification - freeCodeCamp

Front-end Foundations - The Odin Project

I learned HTML, CSS, JavaScript, Command Line Basics, GitHub, GIT.

Introduction to Computer Science - HarvardX CS50 (2020)

I learned C, HTML and CSS, the basics of machine learning, algorithms and structured data.

ABCode Course - Language C
