EXECUTIVE SUMMARY

Over a year of intensive work in the tech field while working in parallel in another field, with a history of 10 years in which I had contact with the technological field. I learned essential languages and many other tools. I aspire to become a front-end developer using ReactJS framework.

I'm looking to learn as much as possible from the online courses and personal projects that I doing now. I want to improve my English and German language capabilities and in the future I want to do a technological profile faculty.

Passionate and determined, eager to learn new things every day. In the process of learning front end development with discipline and hunger for knowledge.

WORK EXPERIENCE

YourSpecialist - one platform that helps patients to access information about the medical staff in their area. Technology: HTML, CSS, SCSS, ReactJS.
BMI-Calculator-Project – a site with which you can check your BMI. Technology: JS.
Rock-Paper-Scissors-Game – Technology: JS.
