EXECUTIVE SUMMARY

I am a self-taught software developer at the beginning of my career. I can use my technical know-how to work in projects which use technologies such as: Automation Anywhere, UiPath, Git, HTML, CSS, SCSS, JavaScript, React, MySQL.
The learning process was facilitated by a RPA Internship and online courses like The Odin Project, FreeCodeCamp, Udemy, CS50, MDN, Mosh Courses and other official resources.
I consider myself a stress-resistant person and someone who finds pleasure in understanding and solving complex problems.
Currently I am improving my English and developing my German language skills.

WORK EXPERIENCE

Automatify – RPA Developer Internship - I created a complex project in Automation Anywhere that performs transactional processes.
Personal Project – BestPriceRobot - A robot created with UiPath that scraps information about the most purchased products on a platform and indexes it in an Excel File.

On my personal website you can find several created and updated projects or projects in progress.

EDUCATIONAL BACKGROUND

Technical University of Cluj Napoca   **Current**
Master's Degree in Computer Science *Complements (CSC)*

Front-End Web Development   **01/2022 – 05/2022**
Informal School of IT - Cluj-Napoca
I learned advanced notions of HTML, CSS, JavaScript and about frameworks like React, as well as about Git, Github, SPA and Responsive Websites from the front-end development course.

Certified in Computer Science   **2017**
"Lucian Blaga" High School – Cluj-Napoca

High School – Major in Mathematics and Informatics - Intensive Informatics
"Lucian Blaga" High School – Cluj-Napoca   **2013 - 2017**
Experienced with C++, C, developed algorithms and problem-solving skills. Certificate of digital skills and professional skills in computer science.

Psychopedagogical Training Courses   **2020 – 2021**
"Babeș-Bolyai" University, Cluj-Napoca

COURSES

JavaScript Algorithms and Data Structures Masterclass - Udemy (Colt Steele)
Algorithms and Data Structures Challenges – Edabit, pbinfo
Responsive Web Design Certification - freeCodeCamp
Front-end Foundations - *The Odin Project*
I learned HTML, CSS, JavaScript, Command Line Basics, GitHub, GIT.
Introduction to Computer Science - HarvardX CS50 (2020)
I learned C, HTML and CSS, the basics of machine learning, algorithms and structured data.
